RE: Fiscal year 2022-2023 draft budget review dated April 28

At the April 18, 2022 work shop staff presented a preview of the revenue forecast for draft budget for fiscal year 2022-2023. The accompanying staff report also provided a number of standards and expectations as the bases for the draft document. For both the general and enterprise funds there is little growth from one year to the next. Limited growth in residential, commercial and industrial land uses translates into stability in real and personal property tax revenues and utility fees. Where there are changes, they are typically small and seen in state share revenues and various user fees. Operational expenditures are generally forecast to be flat and consistent with the current fiscal year. Personnel costs, the most significant part of the operational budget across all departments and functions, account for the majority of cost increases. Both the water and wastewater maintenance budget lines show proposed increases.

The town's capital project budget is more clearly defined than was the case preparing the April 18, 2022 staff report to town council. Yet some uncertainty continues. Three projects were previously awarded state funding and have not begun work in the current fiscal year. These are the Old Denton Road watermain replacement project, the Marina Park stormwater project, and the improvements to 115-117 N Main Street building. Old Denton Road project may begin before this fiscal year ends and incur some expenditure before June 30, 2022, or it may not. The Marina Park project is a fiscal year 2022-2023 project. The watermain project is currently funded to \$638,000 and the stormwater project is grant funded to \$230,000. The 115-117 N. Main project is funded to \$100,000. There are pending grant applications for \$248,000 for broadband fiber network installation awaiting decision by the Connected Communities Fund, and \$2.4M for sanitary sewer pump station upgrades awaiting a funding decision from the Maryland Department for the Environment (MDE). Work associated with the repairs and improvements to Chambers Lake Dam has not been cost estimated yet. A scope of work letter was generated by MDE Dam Safety staff. Pay as you go ARPA-funded projects include the AMI water meter system upgrade, the purchase of capital equipment including a backhoe and excavation attachments, and street improvements. Timing of the ARPA-funded projects is more flexible since the spending deadline extends beyond the next fiscal year.

Pending discussion provide direction to staff. Presented as an informational item at this time.

TO: Mayor & Council Members  
FR: Larry DiRe, Town Manager

RE: Set Public Hearing Date for Proposed Text Amendment to the Town Code  
Section 143-3 Planning Commission Membership

That section currently reads as follows:

*Said Commission shall consist of five members, namely, a member of the Council and four persons who shall be appointed by the Mayor and confirmed by the Council. The term of the ex officio member shall not extend beyond the term for which he has been duly elected to the Council. The term of each member shall be five years or until his successor takes office, except that the respective terms of the five members first appointed shall be one, two, three, four and five years, dated from the effective date of this chapter. Members may, after a public hearing, be removed by the Council for inefficiency, neglect of duty, or malfeasance in office. The Council shall file a written statement of reasons for such removal. Vacancies occurring otherwise than through the expiration of terms shall be filled for the unexpired term by the Mayor and confirmed by the Council.*

It is the expressed consensus of the mayor and town council to amend this section to add a fifth member who is not a town council member. This fifth member would have full standing of the other members. A town council liaison would be appointed to attend and participate with the planning and zoning commission but would not be able to vote.

A public hearing is required to amend the Town Code of Ordinance. Pending further discussion provide direction to staff.
